

After six thousand years of recorded history, our people finally have a religion of, for, and by, them. CREATIVITY is that religion. It is established for the Survival, Expansion, and Advancement of our White Race exclusively. Indeed, we believe that what is good for the White Race is the highest virtue, and what is bad for the White Race is the ultimate sin.

We have come to hold these views by observing the Eternal Laws of Nature, by studying History, and by using the Logic and Common Sense everyone is born with: the highest Law of Nature is the survival of one's own kind; history has shown us that the White Race is responsible for all that which we call progress on this earth; and that it is therefore logical and sensible to place supreme importance upon Race and to reject all ideas which fail to do so.

Our people have faced threats throughout history, but never before has our people faced as grave a threat as it is facing today. Today, our people's very continued biological existence on this planet is in doubt. In 1920, for example, one out of every three people on this planet were White. Today, only one out of twelve are White. If present trends continue, one can only imagine what the complexion of the

world will be like in another one hundred years. How did this calamity come about? It came about because of our people's skewed thinking. Our people have thus far been concerned with every issue besides the issue of their own survival. We have subsidized those not of our own kind at our expense, causing their numbers to soar, while at the

same time, White people have scaled back the size of their families, either out of selfishness or because of low-paying salaries and exorbitant taxes. We have divided ourselves into all kinds of organizations and causes, none of whom address the most basic issue: Will White children have a future? With CREATIVITY, this is the issue, and all other issues revolve around it. Our people everywhere are beginning to embrace the dynamic and inspiring creed and program of CREATIVITY.

White people everywhere are beginning to put aside their past differences and divisions and are coming together as one people for their best interests. More and more of our people are beginning to realize that if White people do not look out for their own future, no other people will. As a result, our churches are sprouting up all over the world, our ministers preaching the word of White unity and our members zealously spreading the word to you, our fellow White people. We hope that after reading this pamphlet, you will decide to obtain more information, will consequently decide to become a member of our church, The Creativity Movement, and will decide to join us in this historic struggle. - Rev. Matt Hale
